Example found in Earth Science: The size and distance the solar system is massive, so we produce scale models. Systems and system models Example found in Earth Science: We create models of Earth's mantle, to show how convection currents move the magma, acting as a conveyor belt for the Earth's crust.

Heath Earth Science: Teacher's Annotated Edition ...

This book is neither great nor poor. Actually there are not as many choices out there for Earth Science as there are for many other Science subjects. Therefore the school districts do not have a lot of choices. I've used the book with classes. As the one reviewer says, it is not always clear about what the main points are.
