MODELING MAKING CONNECTIONS. Although many students find making connections an easier strategy to master than some others, it does not always come naturally to all students, especially those with limited experiences. Therefore, you will need to spend time modeling the use of each type of connection through read aloud texts and written responses.

Making connections is linking what the students read, to what they already know. This strategy helps students comprehend text, by activating their prior knowledge and making meaning of what they read. Debby Draper (2012) suggests questions that students may ask themselves as they read to help them make connections with the text.
